

ONE CARE TEAM, SEPARATE BILLS

Facility & Professional Fee Notice

Sometimes it takes a team of health care professionals to fulfill all the needs of one health care service. In these instances, each member of your care team will bill you separately for the portion of your services that they provided.

This quick reference chart is provided to help you anticipate which providers you *may* receive a bill from for each service received at any Day Kimball Healthcare location. The chart includes our most common services and associated providers, but is not all-inclusive.
