Hospice Tree of Life

The Tree of Life ceremony held in December inspires participants to honor a loved one by purchasing a symbol of light. The lights are used to decorate a beautiful tree during the holiday season and help support Hospice and Palliative Care services.

These funds are used to ensure that when families are hurting, they can continue to rely on the caring dedication Hospice workers provide while meeting and caring for the complex needs of patients who have a terminal diagnosis.

As we serve every generation of our community, from pediatrics to geriatrics, the Day Kimball Healthcare Foundation provides a wide range of annual appeals and special events. Along with our fundraising needs, our goal is to achieve the highest level of community engagement, ensuring that every facet of the population has an opportunity to participate while having some fun at the same time – neither of which would be possible without the support of our community business partners.

To meet the needs of our Corporate Donors, we have prepared this overview brochure outlining the opportunities and specific areas that benefit from key events that Day Kimball offers that can help you achieve both your marketing and community relations goals. As members of our Foundation team review these opportunities with you, our goal is to help you better understand the impact of philanthropy at Day Kimball and how it might coordinate with your philanthropic priorities and annual giving plans.
