Urology

Urology, or genitourinary surgery, focuses on surgical and medical diseases of the male and female urinary tract system and the male reproductive organs. Urology combines medical and surgical management for a variety of benign and malignant conditions, including urinary tract infection, benign prostatic hyperplasia, stone disease, urologic malignancy (prostate, bladder, kidney and testis), hematuria (blood in urine), sexual dysfunction and voiding dysfunction (incontinence).

Common procedures offered include:

- Cystoscopy
- Circumcision
- Hydrocele repair
- Spermatocoele repair
- Prostate biopsy
- Bladder biopsy
- Transurethral Resection of the Prostate
- Transurethral Resection of Bladder Tumors
- Incontinence procedures
- Vasectomy (male sterilization)
- Ureteroscopy (including laser stone treatment)
- Treatment of genital lesions
- ESWL (shockwave treatment) for kidney stones

Accessing Urology Services

Appointments at the Urology office require a referral and are by appointment only. Referrals for an outpatient consultation may be made by primary care physicians (PCP).

Once a referral is made, patients may call the Clinic Monday through Thursday, 8:00 a.m. to 5:00 p.m. and Fridays, 8:00 a.m. to 12:00 p.m. to schedule their consultation. Consultations are available on Mondays and Thursdays from 8:00 a.m. to 5:00 p.m.

Billing and Payment Information

Billing for Urology office visits will come from Day Kimball Medical Group. Please check with your insurance carrier for details about your specific coverage, copays, deductibles and any prior authorization requirements.

If you have questions about your bill, need assistance with health insurance or need help paying for care, please contact the Day Kimball Medical Group business office at (860) 928-9270. For more information visit daykimball.org/billing. You can also pay your DKMG bill online through our MY HEALTH patient portal at daykimball.org.
