

WOMEN'S HEALTH

As a woman, you deserve healthcare that's in tune with your unique needs—and delivered by people who understand them. That's why we've created a truly comprehensive and coordinated system of woman-centered care that covers the full spectrum of healthcare needs through every phase of a woman's life.

Our women's health professionals are dedicated to providing our full range of services in a manner that simplifies the healthcare aspect of your busy and multi-faceted life. We've even designed the facilities at our Burdick Family Birthing Center and other women's health facilities to be exceptionally warm, welcoming and soothing—helping to provide you with a care experience that's both comprehensive and comfortable.

Day Kimball Healthcare offers integrated, comprehensive care close to home. To learn more about all of our women's health services and convenient locations visit daykimball.org/women.

Maternal Child Health

Maternal child health services offer top-notch medical care for women and newborns in a family-centered environment with highly skilled, caring staff, and state-of-the-art medical technology.

Day Kimball Hospital was one of the first hospitals to receive the “Blue Distinction® Center+ for Maternity Care” designation from Anthem Blue Cross and Blue Shield which recognizes hospitals that deliver high quality, affordable maternity care safely and effectively while also achieving high marks for patient satisfaction and efficiency. And we are among the top 10% in the state and country for the Centers for Disease Control and Prevention's (CDC) latest Maternity Practices in Infant Nutrition and Care survey, which was conducted in 2015.

Surgical Care for Non-Maternity Gynecology Patients

We provide excellent surgical care for non-maternity gynecology patients, with the latest technology including non-invasive tubal ligation (having your “tubes tied”), endometrial ablation and hysterectomy—all within a coordinated, compassionate and woman-centered environment.

Labor, Delivery and Neonatal Care

At Day Kimball Hospital's Burdick Family Birthing Center, it is the goal of our highly skilled, supportive physicians, midwives, and specially trained nurses to ensure that each family has an exceptional, personalized birthing experience.

Our seven private birthing suites offer access to the latest medical technology in a warm, caring, family-centered environment. Each birthing suite is equipped with the comforts of home, including a private bathroom and shower, flat screen TV, free Wi-Fi, and a personal refrigerator. We encourage the father or support person to take an active role in the birthing experience, and they are welcome to spend the night on a comfortable folding bed.

If a cesarean birth is necessary, there is an ultramodern obstetric operative suite located right within the unit.

The Birthing Center is staffed 24/7 with a group of exceptional, highly trained, Neonatal Nurse Practitioners who are dedicated to providing your baby with outstanding, high quality, compassionate care. They work closely in consultation with local Neonatologists we partner with, ensuring that your baby receives the best and most current treatments available.

Day Kimball Hospital also has a full-time Maternal-Fetal Medicine (MFM) physician on staff. MFM physicians are high-risk pregnancy experts, specializing in the ‘un-routine’. For pregnant women with chronic health problems, our MFM physician will work together with your obstetric provider to ensure the best possible care for you and your growing baby.

Day Kimball Hospital is a Baby Friendly® birth facility. We are one of only 10 hospitals in Connecticut, and 420 hospitals nationwide to achieve this distinction. The prestigious international award recognizes birth facilities that offer breastfeeding mothers the information, confidence, and skills needed to successfully initiate and continue breastfeeding their babies.

Billing and Payment Information

Billing for labor and delivery or surgical procedures will be submitted to your insurance carrier by more than one party; the physician's practice for surgical services, Day Kimball Hospital for facility services and Sheridan Health Corporation for anesthesiology services, when applicable. Please check with your insurance carrier for details about your specific coverage, copays, deductibles and any prior authorization requirements.

If you have questions about your Day Kimball Hospital bill or need help paying for care, please contact our team of financial counselors at (860) 963-6337 (at the prompt, enter option 2). For more information visit daykimball.org/billing.
